**BRIGHT PROSPECTS**

—FOR—

# WICHITA

Last spring I purchased the immense stock of jewelry formerly owned by A. A. Post, with the intention of closing out the same, but in consideration of the bright prospects opening up in Wichita and the past few months of unexpected success, I have decided to continue the business at the old stand, and have added an assortment of all the latest novelties in the jewelry line suitable for the holiday trade, all of which have been purchased for spot cash, securing a heavy discount, of which my customers will get the benefit.

I desire to call special attention to my repairing and optical department in charge of F. N. De La Matre, who has over twenty years' practical experience in these branches in eastern cities, and who thoroughly understands all classes of manufacture and repair of watches, clocks, jewelry, special care being given to fine and complicated repeater and chronograph watches. Mr. D. has qualified himself particularly also as an optician and can diagnose the various ailments of the eye, including myopia, hyperopia, astigmatism and presbyopia, and is fully qualified to fit all eyes with suitable lenses. No extra charge is made for correctly fitting your eyes without the tedious and repeated trials usually necessary to obtain a fit. Extra lenses matched and inserted in gold, silver, nickel or steel frames at low prices. Fine letters and monogram engraving executed to order. Diamonds, watches, silverware, etc., cheaper than any other house in southwest Kansas. My business relations with the people of this vicinity during the past sixteen years is a guarantee that all who patronize me will be fairly dealt with. Call and see me and you will be pleased with the bargains which I offer.
